

**REMARKS**

Claims 1-2, 4-16 and 18-20 are pending in the application with Claims 1, 12, 16 and 19 as being independent claims. Claims 3 and 17 were cancelled. Claims 12-13 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over Claims 1, 2 and 10 of co-pending application No. 10/692,896, which is the only remaining rejection in this application.

It is gratefully acknowledged that Claims 1, 2, 4-11 and 16-20 are allowed and Claims 14-15 would be allowed if rewritten in independent form including all the limitations of the base claim and any intervening claims.

Reconsideration of the application is respectfully requested.

Regarding the rejection of Claims 14-15 under the judicially created doctrine of obviousness-type double patenting, as indicated above, the Examiner has cited Claims 1, 2 and 10 of co-pending Application No. 10/692,896 (Notice of Allowance mailed on 09 July 2007). Samsung Electronics Co., Ltd commonly owns the present application and Application No. 10/692,896. Since Application No. 10/692,896 is now issued, a Terminal Disclaimer in compliance with 37 C.F.R. 1.321(c) is included herewith to overcome the obviousness-type double patenting rejection. Therefore, it is respectfully submitted that the Terminal Disclaimer overcomes the Examiner's rejection of Claims 14-15 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 1, 2 and 10 of co-pending Application No. 10/692,896.

Accordingly, all of the claims pending in the Application, namely, Claims 1-2, 4-16 and 18-20 are believed to be in condition for allowance. Should the Examiner believe that a telephone conference or personal interview would facilitate resolution of any remaining matters, the Examiner may contact Applicant's attorney at the number given below.

Respectfully submitted,

---

Paul J. Farrell
